Profile Summary

Motivated fourth-year Computer Engineering student with strong backend development skills. Experienced in web applications, API design, and database systems using Node.js. Seeking internship opportunities in Presentail to apply technical knowledge in real-world projects.

Education

- **Bachelor of Engineering in Computer and Communications (Master Level)**
Antonine University (UA), Zahle, Lebanon – Software Engineering Track
 - **Sohmor High School, Lebanon**
- Started Date: 2022**
Expected Graduation: 2027
Graduated: 2021

Technical Skills

- **Languages:** Python, C++, C#, Java, JavaScript
- **Web:** HTML, CSS, ES6+, React.js, Next.js, Node.js, Express.js, Nest.js, Laravel
- **Concepts:** Data Structures, Object Oriented Programming (OOP)
- **Database:** MySQL, MongoDB, Prisma ORM
- **Tools & Platforms:** Git, GitHub, Docker, Postman, VS Code, AI-assisted tools (Claude Code, ChatGPT)

Projects

Money Transfer Web Application (University Project)

October 2025 – December 2025

A secure financial transaction platform enabling users to transfer funds, monitor transactions, and receive automated updates.

- Built using Laravel & MySQL
- Integrated Stripe payments and real-time tracking
- Developed transaction history with email notifications

Real Estate Web Application (University Project)

October 2024 – December 2024

A property listing platform allowing users to browse properties, manage purchases, and interact with an administrative management system.

- Built using Node.js, Express.js, EJS, and MySQL
- Developed an admin dashboard with authentication and CRUD functionality
- Implemented user features including property browsing, cart management, checkout workflows through APIs

Professional Development

Full Stack Development with AI Bootcamp — OnRamp

April 2026 – Present

- 12-month intensive program focused on modern full-stack development and real-world engineering practices
- Building applications using Next.js, NestJS, Prisma, Docker, REST APIs, and AI-assisted development tools

Certifications

- **Web Development and Backend Track** — LinkedIn Learning (2025)
(Includes: Git & GitHub, REST APIs (Laravel), React.js, Node.js, ES6+, GitHub Search)
- **Version Control** — Meta (2026)

Languages: Arabic (Native) | English (Advanced) | French (Intermediate – DELF B1)
