SUMMARY

Computer Engineering graduate transitioning into UX/UI design, with hands-on training at SE Factory and a Google UX Design Professional Certificate. My technical background shapes how I approach design: structured, detail-oriented, and grounded in wireframing, prototyping, usability testing, and user research.

TRAINING

UX/UI Design Bootcamp

2026

SE Factory

- Intensive program covering the full design process: user research, information architecture, wireframing, prototyping, and usability testing.
- Practiced design thinking and user-centered principles across multiple design challenges.
- Delivered a complete end-to-end product design as a final capstone project.

PROJECTS

Cinema Booking App

SE Factory Final Project

- Designed a mobile cinema booking experience from scratch targeting cluttered seat maps and complex checkout flows.
- Conducted user research and built information architecture.
- Created low-to-high fidelity wireframes and ran usability tests to iterate toward an intuitive, conversion-focused interface.

Emirates Flight Search Widget Redesign

SE Factory Project

- Redesigned the Emirates Airlines search widget to reduce friction for users with high booking intent.
- Conducted user interviews and surveys; built a persona and empathy map; mapped the full user journey from landing to drop-off.
- Delivered a calmer, more controlled search experience aligned with the airline's premium brand.

EXPERIENCE

IT Trainee

Jun 2025 – July 2025

K&A Machmouchi Pharma Holding • Lebanon, Jabra

- Diagnosed and resolved hardware issues for desktops, laptops, and peripheral devices.
- Provided technical support to employees using internal company systems.
- Documented technical issues and collaborated with the IT team to improve resolution efficiency.

EDUCATION

BACHELOR DEGREE IN COMPUTER ENGINEERING

Oct 18 – Aug 23

Lebanese International University • Lebanon, Saida

CERTIFICATES

- SE Factory UX/UI Design
- Google UX Design [↗](#)
- Elements of AI for Business [↗](#)
- CIS College – Cyber Security Certificate

SKILLS

Design Skills

- UX/UI Design
- Adobe Illustrator
- Figma
- Information Architecture
- Visual Design
- Wireframing / Prototyping
- User Research

SOFT SKILLS

- Empathy
- Communication
- Problem-Solving
- Adaptability
- Collaboration
- Curiosity
- Analytical Thinking
