## SUMMARY

Computer Engineering Honors student at the Lebanese American University with hands-on web development experience across freelance, internship, and teaching roles. Skilled in WordPress, HTML, CSS, JavaScript, and PHP, with a track record of building and launching responsive websites from concept to deployment. Detail-oriented, self-directed, and motivated to contribute to real client projects while learning from an experienced team.

## EDUCATION

**Lebanese American University, Byblos, Lebanon**

Expected Graduation: June 2029

B.E. Computer Engineering (Honors Program), Minor in Artificial Intelligence

CGPA: 3.96 / 4.0

## PROFESSIONAL EXPERIENCE

### Freelance Web Developer

Aug 2024 - Present

*Self-employed*

- Build responsive websites for clients using WordPress, HTML, CSS, JavaScript, and PHP, taking projects from requirements to live deployment.
- Translate client needs into clean, functional layouts with consistent presentation across desktop and mobile.
- Troubleshoot site issues independently and communicate progress clearly and reliably.

### Web Design Course Instructor

Jun 2024 - Aug 2024

*LEO Club International, Ras El Metn*

- Delivered sessions on web design foundations, guiding learners through hands-on building exercises.
- Created structured learning materials with clarity, accuracy, and consistency.

### Web Development Intern

Aug 2023 - Apr 2024

*COVID-19 Student Response Network (CSRN), Remote*

- Designed and developed a full organizational website from concept to launch with a UK-based team.
- Built and customized the site on WordPress, ensuring responsiveness, content accuracy, and usability.
- Performed QA-style testing, resolved bugs, and provided post-launch maintenance for 3 months.

### Social Media Manager

Jul 2023 - Aug 2023

*Kids Club Falougha, Seasonal*

- Managed the club's Instagram account, planning and publishing content to promote seasonal activities.
- Created original graphics and photomontages, growing engagement and reach through consistent posting.

### Instructional Facilitator

Sep 2021 - Oct 2023

*Transformation Lebanon*

- Supported program delivery through structured coordination, clear communication, and dependable follow-through.
