

MOUSSA JAAFAR

Full Stack Web Developer

+961 81 913 762 | moussajaafar8@gmail.com | Beirut, Lebanon | [Portfolio](#) | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Results-driven Full Stack Web Developer with hands-on experience building and deploying production-grade web applications using Laravel, PHP, MySQL, and JavaScript. Co-founder of ModeXa, a freelance web agency delivering end-to-end digital solutions. Adept at the full project lifecycle — from requirements gathering and UI/UX design to backend development, API integration, and Vercel deployment. Fast learner with a certified background in IT and a strong eye for clean, responsive, SEO-optimized interfaces.

SKILLS

Languages & Frameworks: PHP, Laravel, JavaScript, HTML5, CSS3

Databases & Tools: MySQL, MongoDB, phpMyAdmin, XAMPP, VS Code

Deployment & Cloud: Vercel, Environment Variables, Production Builds & Hosting

Technical: REST API Integration, Debugging, UI/UX Design Basics, SEO Best Practices

AI & Productivity: AI-Assisted Development, Prompt Engineering

PROJECTS

CinemaFlix — Movie Streaming Platform | Jan 2025 | [Live Demo](#)

- Built a full-featured movie streaming platform with advanced search, filtering, and extensive catalog management
- Implemented secure user authentication (sign-in/sign-up) and personalized user profile system
- Developed favorites management, dynamic movie detail pages with ratings, cast, synopsis, and trailers
- Designed cinematic UI/UX with smooth animations, fully responsive layouts, and SEO best practices; deployed on Vercel

Social Media Website | Dec 2024 – Mar 2025

- Designed and developed a full social platform with user registration, login, posts, and interaction features
- Built backend logic with Laravel; database architecture and management via MySQL and phpMyAdmin
- Created responsive front-end with HTML, CSS, and JavaScript; implemented SEO metadata best practices

E-Commerce Website (Online Store) | Jan 2024 – Apr 2024

- Built a complete online shop with product listings, shopping cart, and checkout functionality
- Developed backend with Laravel and MySQL; integrated third-party APIs for dynamic product management
- Optimized front-end responsiveness across all device sizes for a seamless user experience

WORK EXPERIENCE

Co-Founder & Full Stack Developer | [ModeXa](#) — Freelance Web Agency

Beirut, Lebanon · Ongoing

- Co-founded a client-facing freelance web agency delivering full-stack digital solutions to businesses and entrepreneurs
- Design, develop, and deploy 10+ custom websites — portfolio sites, e-commerce stores, digital menus, landing pages
- Own the full project lifecycle: client requirements gathering, UI/UX design, backend development, deployment, and post-launch support
- Manage client relationships and translate non-technical requirements into polished, functional web products

Customer Service & Operations Staff | Aljawad Dining Restaurant

Beirut, Lebanon · July 2023 – January 2026 (2.5 years)

- Managed end-to-end customer interactions in a high-volume environment with consistent quality delivery
- Accurately processed 50+ orders daily with zero errors — demonstrating precision and attention to detail
- Coordinated with team members for seamless operations; managed multiple responsibilities under pressure

EDUCATION & CERTIFICATIONS

Licence Technique in Information Technology (IT)

AL Afaq, Beirut, Lebanon · 2023–2024 · Programming, System Design, Database Management
