

NASRALLAH AHMED ALI

Computer Science

+961 76 793 870

nasrallahahmedali@gmail.com | Beirut, Lebanon

Summary

Computer Science fresh graduate with strong interest in web development and backend engineering. Skilled in Python, SQL, HTML, CSS, PHP, and JavaScript with hands-on experience building web applications through academic and personal projects. Experienced in structured coursework, team-based assignments, and academic projects requiring attention to detail, reporting, and adherence to guidelines. Motivated to apply learned skills in a professional environment.

Experience

Projects

AI-Powered Global Car Rental System — Firebase, Computer Vision (Jan 2024– June 2024)

- Built a cross-platform mobile system for international car rental agencies
- Automated vehicle damage assessment using AI, reducing inspection time by 70%
- Designed async workflows & REST APIs achieving 99.5% system uptime.

Student Attendance Management System — Flutter, Firebase (Sep 2023–Dec 2023)

- Deployed a digital attendance platform serving 500+ students across 3 departments
- Implemented role-based access control and real-time data synchronization

Freelance Software Developer — Remote (Jun 2023–Present)

- Delivered custom Flutter applications for local project ideas end-to-end

Course Assignments & Practical Labs 2022 – 2024

- Completed multiple university projects following structured requirements and deadlines.
- Collaborated with team members and communicated progress during presentations, evaluations, and meeting deadlines.
- Prepared written reports, documentation, and project summaries for assessment.
- Worked on programming, database, and software engineering assignments
- Applied problem-solving and analytical thinking to meet academic objectives
- Followed instructions precisely and ensured accuracy in submitted work

Education

Lebanese International University (LIU)

Bachelor of Science in Computer Science

Graduation: June 2026

Skills

Professional Communication, Documentation & Reporting, Team Collaboration, Problem Solving, Time Management, Attention to Detail, Adaptability, Reliability

Technical Skills

Python, Java, JavaScript, PHP, HTML, CSS, C++, SQL, Dart | Frameworks: Firebase, Flask, .NET, Laravel, Flutter, React.js, Bootstrap, Programming Fundamentals, Object-Oriented Programming, Databases (MySQL, SQLite), Basic Software Development Concepts, Version Control (Git)

Languages

Arabic (Native) and English (Fluent – Professional Working Proficiency)
