

Ali Abdullah Nasser | Computer and Communication Engineer

+961 76372985 | alinaser2003.aat@gmail.com | Beirut, Lebanon

Objective

Highly Motivated and detail-oriented Computer and Communication Engineering student with a strong foundation in software development and problem-solving. Eager to contribute technical skills and a collaborative mindset in a dynamic, growth-oriented environment. Committed to continuous learning, effective teamwork, and delivering practical solutions to real-world challenges.

SKILLS

• Programming & Development

Java, python, SQL, PHP, HTML, CSS, JavaScript.

• Software & Tools

Ubuntu, Proteus 8, Net Beans, Visual Studio, XAMPP, Notepad++, Microchip Studio, Packet Tracer

• Databases

MySQL, Database Design, SQL Queries, Normalization

• Soft skills

Teamwork, Strong Communication skills, Adaptability, Problem-Solving

EXPERIENCE

Private Tutoring | 2023 -2026

- Provided academic support to students in various subjects after university hours.

TECHNICAL PROJECTS

Smart Parking System (Senior Project) | 2025-2026

Key Features:

- Designed and developed a responsive web application using Html, CSS, and JavaScript to enable users to locate and reserve parking spaces.
- Implemented backend logic with PHP and integrated a MYSQL database for secure user authentication and data management.
- Developed an administrative dashboard feature for real-time tracking of parking availability, users, and reservations.
- Participated across the full software development lifecycle (SDLC), including system analysis, design, testing, and team collaboration.

EDUCATION & CERTIFICATIONS

Lebanese International University

Degree: B.S. in Computer Engineering | Specialty in Software Design Applications.

Timeline: 2022-2026.

GPA: 3.84 | **Honor's List (2024)**

Relevant Courses:

- Software Application Design, Database Fundamentals, Communication Networks (CCNA 1 and 2), Operating Systems
- Web Programming and Mobile Application Development

LANGUAGES

Arabic – Native | English – Fluent
