PROFILE

Front-End Developer with 5+ years of experience building production React apps for e-commerce and admin/CRM workflows. Strong foundations in React Hooks, Redux Toolkit/Context, REST API integration, and performance optimization. Growing mobile experience with **React Native (Expo)** through freelance work, coursework, and practice apps (navigation, forms, reusable components, API integration).

CORE SKILLS

Mobile (React Native / Expo):	React Native, Expo, React Navigation, screen/layout patterns, forms & validation, reusable components, REST API integration, loading/error states
Web (React):	React.js, Hooks, component architecture, responsive UI
State management:	Redux Toolkit, Context API, reducers
Performance:	Code splitting, memoization, render profiling, eliminating unnecessary re-renders
Collaboration:	UI/UX handoff, Agile delivery, code reviews
Frontend:	JavaScript (ES6+), HTML5, CSS3, Bootstrap, responsive design
Other:	SQL (basic), ASP.NET Core API (integration exposure)

PROFESSIONAL EXPERIENCE

Sheyaaka - Front-End Developer

Aug 2021 - March 2026

Beirut, Lebanon

- Built and maintained a reusable React component library (forms, tables, modals, layout), improving UI consistency and delivery speed.
- Implemented state management for complex workflows using Redux Toolkit (and Context + reducers when appropriate).
- Integrated REST APIs with loading/error handling and client-side validation to reduce broken flows and improve UX.
- Improved performance on heavy pages via code splitting, memoization, and eliminating unnecessary re-renders.
- Collaborated with UI/UX designers and backend teams to deliver responsive, production-ready features.
- Contributed to customer-facing e-commerce and admin/CRM modules for product, order, and customer management.

Freelance - Front-End Developer

Dec 2017 - Dec 2021

Beirut, Lebanon

- Delivered responsive websites and web apps for small businesses and personal brands using modern JavaScript and React.
- Built **React Native (Expo)** mobile app prototypes/MVPs with multi-screen navigation, forms, and reusable UI components.
- Integrated REST APIs and third-party services (forms, maps, payments/checkout when provided) with clear loading and error handling.
- Translated UI designs into mobile-first layouts; ensured cross-browser compatibility and consistent UI across devices.
- Managed projects end-to-end: requirements gathering, estimation, iterative delivery, and client communication.

Vision & More - Web Development Program

Aug 2021 - Dec 2024

- Delivered multiple React websites end-to-end with reusable sections, responsive layouts, semantic HTML, and cross-browser support.
- Applied scalable CSS approaches (e.g., SCSS modules / BEM) to keep styles maintainable and consistent across pages.
- Intensive full-stack program covering cloud architecture, frontend and backend development, source control, web security, and soft skills.

PROFESSIONAL DEVELOPMENT

SE Factory - Full-Stack Web Development Program

Jan 2021

- Intensive full-stack program covering cloud architecture, front-end and back-end development, source control, web security, and soft skills.

COURSES

- Udemy - React.js Course
- Udemy - React Native Course (Expo: navigation, reusable components, API integration)

PROJECT HIGHLIGHTS

- Sheyaaka: Developed and maintained sheyaaka.com and supporting admin/vendor portals; built reusable UI and integrated backend APIs.
- React Native (Expo): Built sample apps and freelance prototypes focused on screens/navigation, forms, reusable components, and REST API integration.
- Selected client projects (React.js): Bustan Al Sukkar, Rasha Abanni, Gazelle Fashion, Yapa Restaurant.

EDUCATION

Islamic University of Lebanon
Bachelor of Computer Science (GPA: 83.72/100)

Khaldeh, Lebanon
Nov 2014 - Jul 2017
