EXPERIENCE

Cybersecurity Intern — Hiperlinx

March 2026 – June 2026

- LLM-SIEM Integration: Designed and integrated an LLM module into the company's Wazuh-based SIEM stack, targeting measurable reductions in MTTD and MTTR.
- Automated Alert Triage: Built a pipeline for automated alert classification and log summarization, reducing manual analyst effort on high-volume alert queues.
- Natural Language Querying: Implemented natural language interfaces for querying security event data, making the SIEM accessible to non-technical stakeholders.
- Report Generation: Developed automated drafting of investigation reports from raw SIEM alerts, improving consistency and analyst throughput.

PROJECTS

SIEM + LLM Stack — Hiperlinx Internship

- End-to-end AI-augmented security operations platform: Wazuh SIEM + LLM module covering triage, summarization, NL querying, and automated reporting.
- Part of a broader organizational strategy to explore AI-driven SecOps and reduce analyst fatigue.

LLM Code Security Auditor (OWASP Top 10) — Collaborative Project

- Python CLI tool that audits source code for security vulnerabilities using Gemini 2.5 Flash, with findings strictly mapped to the OWASP Top 10 (2025).
- Designed to minimize false positives and produce actionable, evidence-backed security reports. Built in equal collaboration with a partner.

Online Shop — Personal Project

- E-commerce application built with React, Next.js (App Router), and Tailwind CSS; products fetched dynamically from a REST API.

TODO App — Personal Project

- Task management app in React and Tailwind CSS with CRUD operations and priority tagging.

EDUCATION

Master's Degree in Cybersecurity — Lebanese University

2025 – Present

Thesis defense expected July 2026

B.Sc. Computer Science — Lebanese University

2024

CERTIFICATIONS

AWS Certified Cloud Practitioner — Amazon Web Services

Verify: <https://www.credly.com/users/yasmina-abdallah.1f3aeca0>

Google Cybersecurity Professional Certificate — Google / Coursera

Verify: <https://www.credly.com/users/yasmina-abdallah.1f3aeca0>

English Access Microscholarship Program

Completed a two-year intensive U.S. Department of State-funded English language and leadership program.

SKILLS

Cybersecurity: SIEM (Wazuh), Threat Detection, Alert Triage, Log Analysis, Incident Response, Network Security

AI / Cloud: LLM Integration, Prompt Engineering, AWS (Cloud Practitioner)

Frontend/ Backend & DB: React, Next.js, Tailwind CSS, JavaScript (ES6+), Python, PHP, MS SQL, MySQL, MongoDB

Tools: Git / GitHub, Linux, VS Code

LANGUAGES

Arabic — Native English — Professional French — Intermediate
