Professional Experience

AI & Emerging Technologies Instructor | Collège Notre-Dame de Jamhour

- Designed and delivered a hands-on AI and technology curriculum for high school students.
- Taught core concepts in Artificial Intelligence, Large Language Models (LLMs), Machine Learning, and Virtual Reality (VR).
- Introduced modern AI tools and provided a solid foundation in coding, fostering innovation and problem-solving skills.

Internships:

- 10-week Internship in Java & SQL – 2024 (Grade: 81) at Islamic University of Lebanon
- 3 months Internship as Full stack developer in WordPress, Python & Django at XRAPY company

Projects

Hospital Management System (C#): Developed a multi-tier healthcare application integrating patient management, medical records, and billing modules. Implemented role-based access control for staff security.

Star Jewellery E-commerce Website (Angular): Built a responsive jewelry platform with dynamic product catalog, secure payment processing, and admin dashboard for inventory management.

Beauty Online Shop Mobile App (Java/XML/Firebase): Created a feature-rich Android application with Firestore database integration, real-time notifications, and secure user authentication.

Airline Management System (Java/SQL): Designed a relational database system for flight operations with transaction processing and reporting capabilities.

Graduation Project: Smart Grocery App (Flutter + Firebase) Built a mobile app with smart meal suggestions, nutrition analysis, and cart-to-recipe matching using AI and cloud integration.

Skills

Programing languages: Java/Python/C++/PHP/JavaScript/C# | **Web Technologies:** HTML, CSS, React, Angular, Bootstrap | **Databases:** MySQL, Firebase | **Tools:** Git, GitHub

ADDITIONAL SKILLS: MATLAB, Microsoft Excel, Microsoft PowerPoint, Network Design and Implementation, Cisco Packet Tracer

Education

Islamic University of Lebanon, BSc in Computer Science – Graduated Spring 2025

GPA: 80% | Graduation Project Grade: 85%

Languages

Arabic: Native language | **English:** Fluent (Proficient writer, good communication skills) | **French:** Basic (Reading and Understanding basic technical terms).
