EDUCATION

Phoenicia University-Sarafand, Lebanon	2019 – 2024
Bachelor of Engineering in Civil & Environmental Engineering	
Cadmous college-Cadmous, Lebanon	2006 – 2019
Lebanese Baccalaureate in General Science	

WORK EXPERIENCE

Internship Achour Development Beirut, Lebanon	October 2024– December 2024
- Assisted in the supervision of on-site construction activities to ensure project compliance with design specifications and safety standards - Conducted site inspections and reported on project progress, identifying and resolving potential issues - Coordinated with contractors and suppliers to maintain project timelines and quality standards	
Internship APEX Engineering Tyre, Lebanon	June 2024 – September 2024
- Assisted in conducting site surveys and preparing detailed engineering reports. - Collaborated with the team on the development and review of civil engineering plans and specifications - Engaged in the use of advanced engineering software for modeling and simulation of project components - Supported the quality control process by reviewing construction materials and ensuring adherence to standards	
Internship Achour Development Beirut, Lebanon	January 2024 – March 2024
- Gained hands-on experience in structural analysis, load calculations, and material selection for construction projects - Collaborated with senior engineers on structural design tasks, using AutoCAD and other design software for project drafting	
Internship Ali Hatoun Construction Tyre, Lebanon	June 2023– September 2023
- Assisted in project management activities, ensuring timely progress and adherence to deadlines - Utilized ETABS software for structural analysis and design of construction projects - Developed detailed structural designs and drawings using AutoCAD - Collaborated with the engineering team to ensure compliance with project specifications and safety standards - Gained hands-on experience in structural design processes and construction management	
Internship Ali Hatoun Construction Tyre, Lebanon	June 2022– September 2022
- Supported the project management team in coordinating construction activities and managing resources - Performed structural analysis using ETABS to ensure designs met industry standards - Participated in site visits to monitor construction progress and ensure design accuracy - Assisted in the preparation of project documentation and reports	

PROFESSIONAL MEMBERSHIPS

- Member, Order of Engineers and Architects – Civil Engineering Section, Lebanon July 2025

EXTRACURRICULAR ACTIVITIES

- Completed certifications in Revit, AutoCAD, SAFE (Structural Analysis and Design), and S Concrete to enhance design and structural analysis skills with CivilGuide
- Attended a workshop led by the Head Engineer at Dar Al-Handasah on the topic of Solid Waste Management, gaining insights into sustainable engineering practices
- Volunteered in elderly people's hospital for entertainment visits
- Provided financial and emotional support to facilitate palate surgery and dental restoration for a patient
- Member of the American Society of Civil Engineer at PU

SKILLS & INTERESTS

Languages: Native in Arabic & English. Fluent in French

Computer Skills: AutoCAD, ETABS, Revit, S-Concrete, Safe, HCS, Synchro, HEC HMS, EPANET, Excel, PowerPoint, HTML, C++, Microsoft Office

Hobbies: Enjoying horse riding, playing team sports, creating personal CAD design projects, reading about construction innovations, and practicing strategic thinking through chess.
