

MALEK JOKHADAR

Full-Stack Developer | React.js & Node.js | API Integration & Payment Systems

+961 81 631 347 | malekjokhadar17@gmail.com | Lebanon | Portfolio: Malek Jokhadar

PROFESSIONAL SUMMARY

Full-Stack Developer with 2 years of experience building scalable web applications and integrating secure payment systems. Proficient in React.js, Node.js, TypeScript, Go, and PHP across the full development lifecycle — UI, APIs, databases, authentication, and deployment. Delivered several production-ready projects, including a clinic management system currently live in production.

TECHNICAL SKILLS

Languages & Frameworks: JavaScript, TypeScript, React.js, Node.js, Express.js, Go (Golang), PHP, Laravel, Next.js

Databases: PostgreSQL, MongoDB

Tools & Practices: REST APIs, JWT Authentication, RBAC, Git, Agile, Responsive Design, Software Testing & QA

Payment & Integration: Stripe.js, Apple Pay, MontyPay Hosted/S2S, WooCommerce, Elementor, cPanel

PROFESSIONAL EXPERIENCE

Technical Engineer - eCommerce Intern — *Monty Pay, Lebanon* (Feb 2025 – Apr 2025)

- Built and maintained WooCommerce eCommerce platforms; integrated MontyPay, Stripe.js, Apple Pay, and other secure gateways.
- Configured cPanel hosting/deployment workflows and optimized front-end performance and checkout UX.

Web Development Trainee - React.js & APIs — *Ogero, Lebanon* (Aug 2024 – Jul 2025)

- Built scalable React.js applications with component architecture, React Router, and Material UI.
- Collaborated on team projects through code reviews, debugging, and task prioritization.

Customer Service Agent — *VFS Global, Lebanon* (Feb 2023 – Aug 2024)

- Managed CRM records and visa application guidance while maintaining service and communication standards.

TECHNICAL PROJECTS

Clinic Management System: Backend system for appointments, staff, stock, and revenue with role-based access — currently in production. (*Go, PostgreSQL, REST APIs, RBAC*)

Stock Management System: Full-stack inventory platform with real-time stock/profit tracking and secured dashboards. (*React.js, Node.js, Express.js, MongoDB, JWT*)

E-Commerce Website: Full-stack storefront with role-based Admin/User panels and integrated checkout APIs. (*React.js, Laravel, Bootstrap, JWT*)

Portfolio & Freelance Sites: Responsive client and personal sites with admin panels, optimized for cross-device UX. (*Next.js, React.js, CMS*)

EDUCATION

Bachelor's Degree in Computer Science — CNAM University, Lebanon — January 2026

Lebanese Baccalaureate in Life Sciences (SV) — 2021
