Summary:

Software Engineering student with a solid foundation in C, C++, C#, Java, JavaFX, ASP.NET, HTML, CSS, JavaScript, and MySQL, SQL Server. Passionate about web and desktop development, focusing on UI/UX design, database management, and building efficient, user-friendly applications. Eager to apply skills in a dynamic, growth-oriented environment.

Experience:

Allied Engineering Group - Software Development

August 1, 2025 – August 31, 2025

- Developed a Windows Service to automate system-level tasks and handle background processing.
- Built a full-stack web application for managing files and messages using C#, ASP.NET, and Telerik UI components.

Projects:

- **Project 1: HAWILNI Website:**
A full-stack web-based money transfer platform designed for secure national and international remittances. Developed using Laravel (PHP) for the backend and React (Vite) for the frontend. Features include role-based dashboards for users, agents, and administrators, transaction tracking, exchange rate monitoring, KYC validation, and financial workflow management. Built with a modular architecture focused on scalability, maintainability, and secure API integration. Developed collaboratively in a team of three using Azure DevOps and sprint-based workflows.
- **Project 2: Car Services Platform:**
Web platform (HTML, CSS, JavaScript, MySQL) for scheduling car maintenance, repairs, and washes. Clients can submit feedback, while admins manage reservations and user accounts.
- **Project 3: Car Dealership Website:**
A website for listing cars, featuring detailed information, an upcoming models' section, and a location feature for dealership navigation.

Education:

Bachelor of Engineering in Computer and Communication (Master Level), Antonine University, Lebanon – Specialized in Software Engineering.

Skills:

Html, CSS, JavaScript, java, JavaFX, Python, SQL, PL/SQL, MongoDB, AutoCAD, ArcGIS, Photoshop, NodeJS, Assembly, MATLAB, Storyline, Windows server, windows service, Telerik, C#, ASP.NET, Laravel, SQL Server.

Certifications:

- Introduction to Networks – Cisco Networking Academy
- Switching, Routing, and Wireless Essentials – Cisco Networking Academy
- Enterprise Networking, Security, and Automation – Cisco Networking Academy

Languages:

English, French, Arabic
