

Fatima Abou Turk

Beirut, Lebanon | +961 78 997 469 | fatima.abouterek03@gmail.com

Professional Summary

Computer Science graduate with hands-on experience in full-stack web development, mobile application development, and database design. Completed a 240-hour Software Development Internship focused on ASP.NET Core, React, SQL databases, and RESTful APIs.

Experienced with Flutter, C#, Java, JavaScript, PHP, and modern development tools. Holds Cisco CCNA and Network Security certifications with a strong foundation in networking and software engineering.

Education

Bachelor of Science in Computer Science
Lebanese International University (LIU) | 2025
GPA: 3.6 / 4.0

Professional Experience

Software Development Intern

IDS Academy – Development & Research Department

May 2026 – July 2026 (240 Hours)

- Developed responsive web applications using HTML, CSS, JavaScript, and React.js.
- Built backend features using ASP.NET Core (C#).
- Designed relational databases using SQL Server, MySQL, and PostgreSQL.
- Developed RESTful APIs following MVC architecture.
- Used Git/GitHub, Visual Studio, VS Code, Postman, debugging, testing, security and optimization.

Flutter Development Intern

Coding & Create (2025)

- Developed Flutter mobile applications.
- Worked with Firebase and REST APIs.
- Collaborated using GitHub and Agile practices.

Technical Skills

Languages: C#, Java, JavaScript, PHP, C, Dart

Frontend: HTML5, CSS3, React.js

Backend: ASP.NET Core, Express.js

Mobile: Flutter

Databases: SQL Server, MySQL, PostgreSQL, MongoDB

Tools: Git, GitHub, Visual Studio, Visual Studio Code, Postman, Node.js

Projects

Help Desk Ticketing System

Built a full-stack ticket management system using ASP.NET Core Web API and React with authentication, role-based authorization, notifications, reporting, and dashboard analytics.

QR-Based Attendance Management System (Final Year Project)

Developed a React & TypeScript web application for instructors and a Flutter mobile application for students. Implemented secure QR-code attendance tracking with MySQL.

Certifications

- Cisco CCNAv7: Introduction to Networks
 - Cisco CCNAv7: Switching, Routing and Wireless Essentials
 - Cisco Network Security
