PROFESSIONAL PROFILE

Recent Communications Engineering graduate and full-stack web developer with hands-on experience building modern web applications using React.js, Node.js, Express.js, PostgreSQL, and Prisma ORM. Developed CraftConnect, a full-stack service platform with authentication, role-based access, dashboards, task management, admin features, reviews, and responsive UI design. Interested in junior full-stack, frontend, backend, and IT-related roles. Strong problem-solving skills, fast learning ability, and solid foundation in both software development and technical engineering concepts.

TECHNICAL SKILLS

Frontend	HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS, Material UI
Backend	Node.js, Express.js, REST APIs
Databases & ORM	PostgreSQL, MySQL, MongoDB, Prisma ORM
Programming	JavaScript, Java, Python
Tools	Git, GitHub, Postman, VS Code

PROJECT

CRAFTCONNECT — Full Stack Web Application

Senior Project | Lebanese International University

Developed a full-stack service booking platform that connects customers with craftsmen and service providers. Built responsive frontend pages, backend REST APIs, authentication, role-based access control, task management, admin dashboards, reviews, and database relations.

KEY FEATURES

- Implemented JWT authentication and role-based authorization
- Built customer, craftsman, and admin dashboards
- Developed task posting, assignment, and management features
- Designed database models and relations using Prisma ORM
- Created reviews and ratings system
- Built responsive UI for desktop and mobile screens
