WORK EXPERIENCE

1 Aug 2025 – 29 Aug 2025

CTserv, Jounieh

Full-stack Developer Intern

- Collaborated in a cross-functional team to develop a 3-portal cashless payment ecosystem (Vendor, User, and Admin).
- Developer for the Vendor Portal, using ReactJS to build a dashboard where vendors can track sales and accept point-based payments.
- Integrated Backend Services using Node.js and .NET Core to process real-time transactions between users and vendors.
- Managed SQL database queries to ensure accurate deduction of user points and immediate updates to vendor balance logs.
- Coordinated with Admin and User teams to ensure seamless API integration and data consistency across the entire application.

May 2024 – Sep 2024

Cotton Wood Park, Dbayeh

Full Time Waiter

- Provided service while managing several tables simultaneously.
- Resolved customer issues promptly and professionally
- Gained experience in cashier and reception

PORTFOLIO

Fitness tracker application Used Eclipse IDE, Visual studio, MySQL workbench. Small Website
