Naameh, Lebanon

PROFESSIONAL SUMMARY

Computer Science graduate with hands-on experience spanning enterprise systems and technical education. Built BI Publisher reports and REST/SOAP Integrations for Oracle Fusion ERP during a technical consulting internship, and bring 3+ years of experience teaching mathematics, robotics and programming to students aged 7-15. Combines strong technical problem-solving with clear, adaptive communication to deliver results in both corporate and classroom settings.

EDUCATION

Beirut Arab University

Bachelor of Science in Computer Science

Beirut, Lebanon

Jan 2023 – Dec 2025

EXPERIENCE

Coducators

Beirut, Lebanon

STEM Teacher

June 2026 - Present

- Educated and mentored students aged 7 to 15 in core STEM concepts, fostering computational thinking, logic, and creative problem-solving across all projects.
- Designed and guided interactive coding projects using Scratch, Microsoft MakeCode, and Minecraft Education to teach block-based programming fundamentals and sequencing.
- Led robotics and hardware programming sessions using LEGO WeDo 2.0, mBlock/mBot, Arduino, and micro:bit, guiding students through circuit-building, wiring, and conditional programming logic.
- Guided students through the full lifecycle of mobile application development using MIT App Inventor, focusing on UI/UX design and logic implementation.
- Delivered digital design and multimedia instruction through TinkerCAD, Pixel Art, and CapCut, covering 3D modeling, spatial reasoning, color theory, and video editing fundamentals.
- Instructed students in Artificial Intelligence fundamentals, training them to master AI prompt-engineering methodologies using ChatGPT and Gemini.

ASaaS Tech

Beirut, Lebanon

Oracle Fusion Technical Consultant Intern

Mar 2026 - June 2026

- Built BI Publisher reports that reduced data errors by 40% and supporting integrations that improved data flow speed by 25%.
- Integrated Oracle Fusion with Oracle Integration Cloud using REST and SOAP APIs, establishing seamless data flow across finance and procurement modules.
- Performed root cause analysis on data discrepancies during UAT and go-live phases, coordinating with functional teams to resolve issues promptly.
- Documented technical processes, integration flows, and troubleshooting guides to support knowledge transfer and ongoing maintenance.

Self Employed

Naameh, Lebanon

Private Math Tutor

Sep 2022 - Dec 2025

- Provided one-on-one tutoring to over 20 students in mathematics.
- Developed customized lesson plans and practice exercises aligned with the Lebanese official curriculum.
- Covered topics including arithmetic, algebra, geometry, and problem-solving for grades 1-9.
- Tracked student progress through regular mini-assessments and adjusted teaching strategies accordingly.

SKILLS

Tech Skills:

- **Enterprise Systems:** Oracle Fusion ERP, PL/SQL, REST/SOAP APIs
- **Web Development:** React.js, Node.js/Express, Git
- **AI & Productivity Tools:** ChatGPT, Gemini, Claude, Excel, Word, PowerPoint
- **Educational Coding Platforms:** Scratch, MIT App Inventor, Microsoft MakeCode
- **Robotics Tools:** LEGO WeDo 2.0, mBlock, Arduino, micro:bit, TinkerCAD

Teaching Skills:

- Lesson Planning & Curriculum Adaptation, Student Assessment & Progress Tracking, One-on-One & Group Instruction, Classroom Management, Project-Based & Hands-On Learning

Soft Skills:

- Communication & Clear Explanation, Patience & Empathy, Problem Solving, Time Management, Teamwork & Collaboration
