PROFILE

Computer Science graduate with a strong backend development focus and hands-on experience in PHP, Laravel, Node.js, and RESTful APIs. Solid foundation in web development, databases, and version control, supported by real-world internship experience delivering production-ready features. Passionate about building scalable, secure systems that solve real-world problems and eager to grow as a junior software engineer.

PROFESSIONAL EXPERIENCE

Internship-XpertBot

05/2024-12/2024

- Collaborated with the development team on web-based applications using PHP and MySQL.
- Implemented backend features and improved existing functionality.
- Debugged and optimized code to enhance performance and reliability.
- Gained experience with Git-based team workflows and version control.

EDUCATION

Bachelor's Degree in Computer Science

2022 – 01/2026

IUL- Islamic University of Lebanon

PROJECTS

CashPilot – Final Year Project

- Designed and developed a secure, real-world financial management web application as a capstone project.
- Implemented secure user authentication, authorization, and role-based access control following best security practices.
- Built RESTful APIs using Laravel to handle transactions, wallets, and user account management.
- Designed and optimized relational database schemas for financial data integrity and performance.
- Applied input validation, hashing, and access control to protect sensitive user data.
- Architected the system with scalability and maintainability in mind, simulating real production use cases.

Football Website

- Developed a dynamic website displaying football matches, leagues, teams, and standings.
- Built backend logic using PHP and MySQL for data handling.

Skills

Programming Languages: C++, Python, PHP, JavaScript

Backend Development: Laravel, REST APIs, Authentication, MVC Architecture

Frontend Development: HTML, CSS, JavaScript, ReactJS, NextJS

Databases: MySQL, MongoDB, SQL Server

Tools & Platforms: Git, GitHub, Postman, Visual Studio, XAMPP

Networking: Basic networking protocols, troubleshooting, configurations

Language

English

Arabic
