

ALI AL KHANSA

Junior Full-Stack Web Developer

Beirut, Lebanon | +961 71 434 918 | alialkhansa51@gmail.com | linkedin.com/in/ali-khansa-956374341

PROFESSIONAL SUMMARY

Junior Full-Stack Web Developer with hands-on experience building responsive websites, admin dashboards, content management features, e-commerce workflows, and API-connected applications. Practical experience using React.js, JavaScript, PHP, MySQL, HTML, and CSS/SCSS for frontend and backend tasks, including CRUD operations, debugging, testing, and deployment support. Currently strengthening clean-code practices, object-oriented programming, and independent problem solving. Seeking a junior web/software development role or internship.

EXPERIENCE

Junior Web Developer | Part-Time, Freelance & Team-Based Projects

Barmaja Group & Absolute Technologies - Ghobairy, Lebanon

Developed responsive websites, dashboards, admin panels, and dynamic content features using React.js, JavaScript, PHP, MySQL, HTML, and CSS/SCSS.
Built and supported CRUD workflows, API-connected screens, authentication basics, and content or order-management functionality.
Tested features, diagnosed frontend and backend issues, fixed bugs, and improved application functionality and usability.
Supported hosting preparation and production deployment using cPanel, Netlify, and web-hosting tools.
Used Git and GitHub for version control, code organization, collaboration, and development documentation.

SELECTED PROJECTS

Al Ahad News - News Platform

Contributed to a dynamic news platform with admin-controlled homepage sections, multiple article display formats, and API-based content delivery between the website and backend. **Tech: React.js, PHP, MySQL, SCSS, REST APIs, Ionic, Capacitor.**
