Professional Summary

Since graduating from engineering school with a BE in Mechanical Engineering, I got accepted to pursue an MBA in the Lebanese American University. I have always sought continuous growth of my knowledge and skills, which helped in the cooperation process with any professional environment I am in. Thriving under pressure, my main skill being mathematics and dealing with numbers helped me integrate my career between engineering, accounting, finance, and analytics.

Experience

Bank Teller Intern *12/2020 - 01/2021*
FEDERAL BANK OF LEBANON S.A.L - Beirut, Lebanon

- Carrying out cash and cheques related operations.
