PERSONAL PROFILE

I am a self-motivated senior computer engineering student enrolled at the Lebanese American University. A recipient of the University Scholarship Program (USP) funded by USAID. In my free time, I tend to learn new programming and computer skills.

WORKING EXPERIENCE

ZigZag, Kamil Chamoun, Hadath, Lebanon **6/2018 - 8/2018**

Among many other responsibilities, my main role was to teach the kids how to use the machines and make their experience at Zigzag more enjoyable and safer.

Private Tutor, Chiyah, Lebanon **12/2016 – 3/2018**

My students learned how to study effectively, use new problem-solving techniques, and stay positive and motivated. What they learned was reflected in their grades that noticeably increased.

SKILLS

Most experienced:

Java, HTML5, MYSQL, XML, Microsoft Office, Google Apps.

Some experience:

Python, CSS3, MATLAB, Bootstrap4, easy68k, JSON, VHDL.

Least experience:

JavaScript, Flutter, JavaFX, React, Arduino, Azure.

VOLUNTEERING

- AIESEC (OGX team).
- All Girls Code (mentorship team)
- Series of volunteering activities organized by the Outreach and Civic engagement (OCE) department at LAU with Qitabi, Makhzoumi Foundation, Al-Makassed Hospital and schools, LOYAC, ...)
