ASP.NET CORE   MCP   ANGULAR2   PHP   LARAVEL

LINUX   NODE.JS   HTML/CSS   SAAS   AI

I am an experienced full stack Application Developer. I started as a Front-End web developer, then moved to manage Back-End application/API and whole infrastructure, lately I focused on building High scalable and realtime applications related to Fintech and various domains.

I love Mathematics, Physics, Statistics and Machine Learning domains. In my free time I do researches about Fintech technologies.

I give some private courses on JavaScript, Angular and Back-End Development.

Customer Advisor @ TSC (The Sultan Center) http://www.sultan-center.com/

CUSTOMER SERVICE   ADVISING   FEEDBACK AND SUPPORT

2010 till 2011

As a Customer Advisor at TSC, I was responsible for providing customers with the best solution that serves their needs and wants. By collecting useful information from customers and focusing on their desires, my job was to provide them with high quality services that are customized to fit their specific wants and creative to achieve the value we wanted.

Customer Service @ Spinneys http://www.spinneys.com/Lebanon/Default.aspx

CUSTOMER SERVICE   FEEDBACK AND SUPPORT   PRODUCT SUGGESTION

2010 till 2011

My mission was based on building the bridge between our products and customers' needs. It depended on analyzing the features of our products and the needs and desires of customers. The challenging task that I was responsible for was the search for the unknown customers' needs. And to make these needs fulfilled, my job too was to analyze our products and search for what suits customers to make them satisfied, happy and repeatable customers.

Competitions and Rewards

2nd Place Winner in the Arabnet DevTour UAE – Dubai

CODE MASTER

After many hours of dramatic and nerve wracking coding, the results were in, and this year's winner was by far the Lebanese team with 214 points, followed by the UAE team with 127 points, and the Jordanian team with 109 points... there was an obvious wide gap between the challengers this year, even though none of the judges were Lebanese. **June 2014**

4th Place Winner in the Arabnet DevTour Lebanon

CODE WARRIOR: SPEED, CREATIVITY and COMPETENCY

The event was launched with brief welcome speeches by Omar Christidis, founder and CEO of ArabNet, as well as representatives from the event's sponsor, touch Lebanon, and the event's partner, Beirut Creative Cluster.. **2013**
