

Ahmed Almusuti

Software Engineer

ahmad.msouti@hotmail.com

+96176001135

Beirut, Lebanon

github.com/asa644

I have a BA in Psychology and currently finishing my BS in computer science. I have a passion for improving people's health and wellbeing through technology. I have lead a psychosocial support program for two years, and have two years experience in developing software solutions . I am a passionate entrepreneur with three previous startup experiences. I believe persistence beats motivation, and with the right effort and the right team, I can make the world a better place.
