Industrial engineer and holder of Arab and Lebanese swimming records looking to complement my acquired theoretical knowledge with hands-on experience and improve the position of women in the Arab world.

EDUCATION

Saint Joseph School, Cornet Chehwan, Lebanon

Graduated with honors in General Sciences

June 2015

Stanford University, California, USA

Summer semester abroad (GPA:3.65)

August 2018

American University of Beirut

Bachelor of Engineering, Industrial Engineering (current GPA of last 60 credits: 3.6)

Expected May 2019

Select Projects:

Psychology 102S, Stanford University

August 2018

Collaborated with 3 colleagues to formulate and work on a research topic of our liking and come up with a research paper deemed worthy to be published.

Entrepreneurship, American University of Beirut

September 2017

Collaborated with 3 colleagues to define and articulate the core hypothesis for a startup as part of INDE 412 course. Pitched the idea to a jury of investors who lauded the attention to detail.
