ABOUT MYSELF

I'm passionate about art and upcycling. I love to travel the world and learn about new cultural values and include them in my personal project. I'm 26 years old female from Yerevan, Armenia. In 2016 I settled with my husband in Beirut, Lebanon and life is been really interesting. I'm weaving Carpets, experimental rugs, drawing, experiencing digital illustration, leading carpet workshops. I'm looking forward to expand my horizon in arts and my goal for next year is to do my own exhibition in Beirut. Reflecting my 2 years work/stay in Beirut.

2016- BICIKLET

I'm the illustrator/Designer in this studio created by my husband and I. We usually do Graphic design / Animation.

2016- CARPET WEAVING WORKSHOPS

As much as I love exploring cultures and meeting new people that have different perspective than me, with the help of my husband, We decided to start carpet weaving workshop in Beirut. I have lead several workshops throughout my stay in Beirut. I have worked with several groups of different ages & ethnicities. I did several workshops for kids & teenagers and the results were fantastic and mostly I was working with adults that were interested in this art.

Important Insights

I lead a workshop in collaboration with the **United Nation**. We helped 12 helpless woman to learn carpet weaving in order to work and earn their living. This workshop was in 2017.

April 24 2017

We initiated a new program to teach the upcoming generation **the art of weaving Armenian Carpets**. The workshop was lead by me at Badguer.
