## Full-Stack Development | HTML, CSS, JavaScript, PHP, SQL, Laravel | Aspiring Tech Leader with a Passion for Innovative Solutions

- **Motivated final-year Computer Science student with solid hands-on experience in web development gained through academic and senior projects. Skilled in full-stack development, including HTML, CSS, JavaScript, PHP, SQL, and Laravel, with a strong ability to design and build responsive, user-friendly web applications. Demonstrates problem-solving skills, adaptability, and teamwork, with an aspiration to grow into a future team leader and contribute innovative solutions in dynamic professional environments.**

### EDUCATION

#### Bachelor of Science in Computer Science

Lebanese International University

October 2021 – Present

### CERTIFICATIONS

#### AWS #DOT lebanon and Ahdaf

October 2025 – Present

Learning cloud computing fundamentals, deploying and managing AWS services such as EC2, S3

#### Business Intelligence #Nawaya Network

October 2025 – November 2025

Learning data analysis, visualization, and reporting using tools like Microsoft Power BI

#### Employment Hub #Nawaya Network

August 2025 – October 2025

Learned professional CV writing, cover letters, LinkedIn optimization, and public speaking skills

### PROJECTS

#### Pet Adoption Website

February 2025 – June 2025

Developed a **full-stack web application** for pet adoption using **PHP** and **MySQL**, featuring multiple user roles, responsive interfaces, and core functionalities for pet care management. The system ensures smooth adoption processes, efficient data handling, and an enhanced user experience.

- Designed and implemented **user roles**: Admin, Doctors, Volunteers, and Adopters with role-based access.
- Built **core functionalities** including pet care scheduling, health records, and adoption workflow.
- Created **responsive and interactive interfaces** using HTML, CSS, and JavaScript.
- Collaborated on **database design** with relationships and normalization for efficient data handling.
- Implemented **CRUD operations** for managing animals, users, schedules, and health records.
- Focused on **usability, performance, and scalability**, delivering a seamless experience for all users.
- Ensured **data security and integrity** across all user interactions.
- Leveraged **Laravel framework** for structured development and maintainable code.

### SKILLS

- **Technical Skills:** Languages: HTML, CSS, JavaScript, PHP, SQL Frameworks & Libraries: Laravel, Bootstrap Database Management: MySQL Tools & Platforms: VS Code, XAMPP, Git, GitHub
- **Soft Skills :** Problem Solving & Critical Thinking Teamwork & Collaboration Communication & Interpersonal Skills Time Management & Organization Adaptability & Learning Agility
- **Additional Skills:** UI/UX Design Basics Debugging & Troubleshooting Project Management (via Senior Project experience)
