Phone: +961 81-951-523

EDUCATION:

Lebanese American University (LAU) – Beirut, Lebanon

Aug. 2021 – June 2024

Bachelor of Science Majoring in Computer Science

Experience:

Internship at Deloitte Abu Dhabi, UAE (February 2025 – September 2025)

Position: Security Advisor

Worked and got familiar with different projects including:

- Cybersecurity Audits (COBIT, ISO27001, UAE IA)
- Network Infrastructure Analysis
- Developing an internal auditing tool for ISO27001 aimed to transfer all the auditing requirements into a single application instead of excel sheets. Technology used for this project is the full stack framework Django along-side Postgresql for data storage.

Internship at Alfa Telecommunications (June 2023 - August 2023)

Mainly worked as a full stack developer on a project in the Department of Business Enterprise Applications.

Developed an updated reception application for managing visits (keep track of badges etc.) and mail that are received by the office building reception.

Technologies learned: Asp.Net Core, MS SQLServer, Visual Studio, Entity Framework, LinQ, JS, Ajax, bootstrap

SKILLS:

Courses Taken:

Algorithms and Data Structures, Mobile Development, Computer Security, Network Security, Software Engineering, Computer Networks, Database Management Systems, Machine Learning, Theory of Computation.

Languages:

- English (Fluent)
- Arabic (Native)
- Russian (Native)

Programming Languages and Frameworks:

Proficiency: Python, Java, C, JavaScript, PHP, Rust, Go, Android Development, SQL, HTML, CSS, Flutter, ASP .NET, C#

Familiar: Angular, React, Svelte, Kotlin

Soft Skills:

Team worker, dependable, flexible, detail-oriented, problem solver, always open to learning new things from every field possible in order to diversify my knowledge base, and looking forward to building new skills and connections.
