EDUCATION

Antonine University

Baabda, Lebanon Sep. 2022 – June 2025

Bachelor of Computer Science, GPA: 3.1/4.0

- **Relevant Courses:** Object Oriented Programming, Operating Systems, Data Structures and Algorithms, Database, Web Development, Computer Networks, Ai and Machine Learning, Computer Security

PROJECTS

DocuGov+ – *Express.js, React Native, React.js, Node.js, PostgreSQL*

Mobile app for applying for Lebanese governmental documents through Mukhtars.

- Secure role-based authentication with JWT & email verification.
- Express.js REST API managing users, applications & Mukhtars with PostgreSQL.
- React Native frontend with dark mode & bilingual support; React.js admin dashboard.
- Features: AI-based image verification with Google Gemini & Azure Blob storage, live notifications, appointment scheduling, Google Maps Mukhtar selection, QR scanning, and document image generation.

Beep Beep – *Laravel, Bootstrap, PHP, MySQL*

Full-stack delivery management platform.

- RESTful APIs for users, orders, statuses, and drivers.
- Secure JWT & Google OAuth-based multi-role authentication (admin, driver, customer).
- Responsive interface with live order tracking, OTP sign-in, live chat, driver auto-assignment, and payments (cash, Stripe, cryptocurrency).

Task Management Website – *.NET, React.js, Bootstrap, C#, MySQL*

Full-stack task manager for admins/employees.

- .NET RESTful API for projects, tasks, and user management with JWT authentication.
- React.js frontend with kanban boards, calendar views, task search/filter, and CRUD operations.

PROFESSIONAL EXPERIENCE

Web Development Intern, IDS

Beirut, Lebanon June. 2025 – July 2025

- Built a **Meeting Room Booking & Minutes Management System** using **Laravel (API), React.js, and MySQL**, featuring:
 - Room scheduling with conflict prevention, calendar views and a map showcasing rooms that can be reserved on every floor.
 - Sanctum-authenticated user roles (Admin/Employee/Guest) and admin panel.
 - MoM (Minutes of Meeting) module with action item tracking and PDF summaries.
- Optimized database queries and API integrations for improved performance.

Web Development Intern, Vanrise

Baabda, Lebanon Apr. 2025 – June 2025

- Developed RESTful APIs for a reservation system using .NET and SQL Server, ensuring reliable and secure data management
- Designed and implemented responsive front-end pages with AngularJS, seamlessly integrating them with the .NET backend for dynamic data interaction.
- Optimized database operations by creating and utilizing stored procedures to improve performance and maintainability.

KEY SKILLS

- **Programming Languages:** Java, C++, C#, Python, PHP, Node.js
- **Front-End Development:** JavaScript, HTML, CSS, React.js, Angular, React Native, Bootstrap, Tailwind CSS
- **Back-End Development:** Express.js, Laravel, ASP.NET, TypeGraphQL
- **Databases:**
 - **SQL:** PostgreSQL, MySQL, Microsoft SQL Server
 - **NoSQL:** MongoDB, Redis
- **Cloud & DevOps:** Microsoft Azure (Azure DevOps, Database Management, Security Tools, Cloud Deployment), Google Cloud Platform (GCP), Docker
- **API Development & Tools:** RESTful APIs, GraphQL, Postman, Apollo Sandbox, Google Maps API, Gemini API
- **Developer Tools & Methodologies:** Git, GitHub, Agile, MVC Architecture, Figma, Photoshop, JavaFX, Qt
