Objective

An ambitious Full Stack Developer seeking to advance my career in a professional and collaborative environment. Equipped with a solid technical background and a passion for building innovative applications, I am eager to contribute to a dynamic development team. I am committed to delivering high-quality code, continuous learning, and driving success within the organization.

Skills

- **Programming (and Scripting) Languages** // Python, JavaScript, PHP, C++ and SQL.
- **Database Management Systems** // MySQL, and MongoDB.
- **Frameworks and Libraries** // Laravel v10.x, React, React Native, Next.js, Node.js, Express, Django, Bootstrap 5, Tailwindcss and Electron.js.
- **Tools and Cloud Services** // GitHub, Postman, and Figma.
- **Theory** // Complexity Analysis, Data Structures and Algorithms, Design Patterns, and OOP.
- **Soft Skills** // Communication, Problem-Solving, and Leadership.

Experience

- | | | |
|--|---|-----------------|
| Mar 2025 - Present | React Native Developer, The Ark Networks | Beirut, Lebanon |
| <ul style="list-style-type: none">• Developing scalable and responsive mobile applications using React Native.• Collaborating closely with UI/UX designers and fellow developers to implement user-centric designs and ensure consistency across the development cycle.• Contributing to feature planning, app architecture, and deployment processes for production-ready applications. | | |
| Feb 2025 – Jun 2025 | Web Development Instructor, Personal | Part time |
| <ul style="list-style-type: none">• Providing one-on-one web development instruction to two beginner-level students.• Delivering structured lessons three times per week focused on HTML, CSS, JavaScript, and React fundamentals.• Guiding students through hands-on projects to reinforce key concepts and promote practical application of skills. | | |
| Sep 2024 - Dec 2024 | Full Stack Developer, CapeUP | Remote |
| <ul style="list-style-type: none">• Assisted in front-end development using Next.js and modern web technologies.• Contributed to UI development and performance optimization for enhanced user experiences.• Maintained clear and effective communication in a fully remote team setting. | | |

Certificates

- | | | |
|--|---|-----------------|
| Feb 2024 – May 2024 | Full Stack Web Development, SE Factory | Beirut, Lebanon |
| <ul style="list-style-type: none">• Completed an intensive full-stack web development program covering front-end and back-end development, version control, cloud architecture and web application security over 8 weeks of lectures, workshops, and projects. In addition to 4 additional weeks of final project implementation.”• Planned and executed a final project demonstrating proficiency in all aspects of web development.• Enhanced soft skills such as communication, teamwork, and problem-solving through focused training during the Bootcamp. | | |

Project

- Apr 2024 - May 2024 Unity Pulse [\[GitHub\]](#)
- **App:** A comprehensive web and mobile app to streamline operations, enhance efficiency, and ensure seamless collaboration and productivity across all departments.
 - **Features:** Integrating Google Authentication for secure user login, incorporating a chatbot using OpenAI API, and supporting real-time conversations for both web and mobile apps via Socket.IO. Backend deployed to AWS for scalable and reliable performance.
 - **Stacks:** React, Express.js, MongoDB, React Native, Tailwind CSS, Socket.IO.

Education

Sep 2021 - Jul 2025	Bachelor in Statistics and Computer Science Karadeniz Technical University	Trabzon, Turkey
Sep 2022 - Jan 2023	Erasmus + student in business and administration Comenius University	Bratislava, Slovakia
