Summary

I am a motivated Computer Science graduate with hands-on experience in **web development, API testing, and database design**. I am skilled in **PHP (Laravel)**, **JavaScript (React JS)**, and **MySQL**, with a strong interest in learning **Spring Boot, Flutter**, and enterprise-level systems. Passionate about writing clean, scalable code and collaborating in Agile environments to deliver reliable, user-focused software solutions.

Core Skills & Tools

Java • OOP • HTML / CSS / JavaScript • React JS • PHP (Laravel) • MySQL • REST APIs
• Postman • Git / GitHub • Problem Solving • Team Collaboration • QA Testing.

Professional Experience

Full Stack Developer – Freelance | 2024 – 2025

- Built and deployed dynamic web apps using **PHP (Laravel)** and **React JS** ensuring responsive UIs and stable back-end logic.
- Developed **RESTful APIs**; integrated third-party services and handled authentication.
- Debugged and resolved issues across front- and back-end layers; implemented basic **security best practices** (validation, sanitization).

Software Engineer Internship – IDS, Beirut | May 2025 – July 2025

- Collaborated on a **React + PHP/MySQL** platform; contributed to both UI components and back-end endpoints.
- Tested and **optimized API calls, CRUD** operations, and cross-browser compatibility for key modules.
- Contributed to all phases of the **software development lifecycle**, including requirements analysis, system design, back-end development, front-end integration, and **comprehensive testing**.

Part Time Technology Trainer – AL JANA / ARCPA | Nov 2024 – Oct 2025

- Mentored and trained high school and university students in web development, digital literacy, and career guidance, delivering over 200 hours of certified workshop instruction.
- Guided aspiring developers through the process of building complete, functional websites, providing technical leadership and career-focused advice.

Education

Rafik Hariri University (RHU) | Computer Science / September 2022 – April 2025
