ABOUT ME

I'm a Graphic and Multimedia Design Technology student entering my fourth year at the Arab Open University. I have hands-on experience using Adobe Creative Suite, including Illustrator, Photoshop, InDesign, Premiere Pro, After Effects, and 3ds Max. I also have a basic understanding of Figma and am eager to grow by learning from more experienced designers. My skills extend to photography, packaging, and branding, allowing me to approach projects with a well-rounded creative perspective. I'm detail-oriented, committed to delivering high-quality work ahead of deadlines, and highly motivated to continuously develop my creative and technical abilities within a collaborative environment.

WORK EXPERIENCE

Account Manager at Beity Association

2024 till now

- Managed social media pages for one year, focusing on community-driven content and engagement.
- Created and scheduled posts across platforms, wrote compelling captions tailored to audience tone, and aligned content with Beity's mission.
