---

### Professional Summary

Recent Computer Science graduate with a strong interest in backend development, software engineering, and fintech. Skilled in Java, REST APIs, databases, and full-stack web development, with experience building web applications using PHP, Laravel, MySQL, JavaScript, and React. Familiar with Git, Linux basics, Postman, and modern development practices.

---

### Technical Skills

**Programming Languages:** Java, Python, C++

**Backend Development:** Java, REST APIs, PHP, Laravel, Basic Spring Boot

**Frontend Development:** HTML, CSS, JavaScript, React, Angular, Bootstrap

**Databases:** MySQL, MongoDB

**Tools & Platforms:** Git, GitHub, VS Code, Postman, Basic Linux

**DevOps Knowledge:** Basic Docker, CI/CD Fundamentals

---

### Projects

#### Mini Wallet API – Java / Spring Boot / MySQL

- Building a small fintech backend project using Java and Spring Boot.
- Creating REST APIs for users, wallets, deposits, withdrawals, and balance checking.
- Using MySQL for data storage and Postman for API testing.
- Managing the project with Git/GitHub, with plans to add Docker and GitHub Actions CI.

#### Pure Aura – E-commerce Website

- Developed a full-stack e-commerce website using PHP, MySQL, HTML, CSS, and JavaScript.
- Implemented product search, category filtering, shopping cart, and admin panel features.
- Designed a responsive user interface using Bootstrap.

#### Personal Developer Portfolio

- Built a responsive portfolio website to showcase projects and technical skills.
- Developed using React and modern frontend practices.

- Organized projects, contact information, and technical background in a clean layout.

---

## Professional Experience

### Treasury Accountant – Centro Mall Management May 2025 – September 2025

- Used UNO System to manage daily cash transactions and treasury operations.
- Handled payments and supported accounts payable processes.
- Verified invoices and ensured accuracy before payment.
- Assisted in bank reconciliations and cash flow tracking.
- Maintained proper financial documentation and organization.
- Developed attention to detail, responsibility, and business workflow understanding.

---
