EXPERIENCE

Full-Stack Developer Intern

Jun – Jul 2025

Deecoding SAL Offshore

- Contributed to real features and pages within production web applications as part of the engineering team
- Collaborated with senior developers through code reviews and agile workflows
- Applied JavaScript, React.js, and Node.js in a professional production environment

Runner

Jun – Jul 2024

Meat the Fish Restaurant, Batroun

- Delivered fast, accurate service in a high-volume beachside restaurant during peak summer season
- Built strong teamwork, communication, and time management skills in a fast-paced environment

PROJECTS

SMS-LMS — AI-Powered School Platform

2026 – Present

Senior Project · TypeScript, Python, Gemini AI · Team

- Built a full-stack LMS with AI-driven insights to help teachers support underperforming students
- Integrated Google Gemini AI for class-wide data analysis and personalized student recommendations

GameField — Sports Venue Booking App

Dec 2024

React, Redux, NestJS, GraphQL, PostgreSQL · Team

- Full-stack booking platform for online sports venue reservations with GraphQL API and React/Redux frontend
- Replaced manual phone coordination with a seamless digital booking experience

Student Performance Predictor

Sep 2025

Node.js, Express, MySQL, React · Team

- Full-stack MVC web app streamlining student–teacher communication and academic progress tracking

Aesthetic Rush — HTML5 Platformer Game

Dec 2025

JavaScript, HTML5 Canvas · Solo

- Multi-level platformer with custom game engine, boss fight, dynamic color shifts, and full sound design

Mood Calendar — Mini Project · Year-Long Mood Tracker

Jan 2026

HTML, CSS, JavaScript · Solo · moodcalendarday.netlify.app

- Deployed a web app letting users log their daily mood for every day of the year and visualize personal growth over time
- Built a 365-day interactive calendar with color-coded mood tracking — 0 dependencies, pure vanilla JS

EXTRACURRICULAR ACTIVITIES

Theatre Club — Vice President

- Co-produced a full theatre play, managing rehearsals, cast coordination, and live performance execution
- Led club operations and team coordination across production, set design, and performance

Photography Club — Photographer & PR

- Shot and curated photography for events and promotions; managed club outreach and communications

Mechatronics & Robotics Club — Social Media

- Created and managed technical content to grow the club's social media presence

Motor Sports Club — Logistics

- Coordinated logistics and hands-on operations for car-related motorsports events
