Professional Summary

Computer Engineer with hands-on experience in full-stack development, IT support, and desktop applications. Built web and desktop applications using Laravel, .NET, Vue, Angular, SQL Server, and WPF. Seeking opportunities in software development, IT, or hybrid technical roles.

Education

Beirut Arab University, Debbieh, Lebanon

Bachelor of Engineering in Computer Engineering

Professional Experience

Software Development Intern, Vanrise, Lebanon

Jan 2026 - Mar 2026

- Developed full-stack applications using C#, ASP.NET MVC/Web API, AngularJS, and SQL Server within a layered architecture.
- Designed reusable data access components using ADO.NET, Stored Procedures, and IDataReader.
- Built modular AngularJS services and custom directives with RESTful API integration, and implemented JSON serialization for polymorphic models.

IT Specialist, CMCCO, Lebanon

Sep 2024 - Jan 2026

- Engineered POS and Clinic Management Systems using Laravel and Vue, improving workflow and scheduling efficiency.
- Configured network infrastructure and hardware across multiple sites, reducing downtime and ensuring availability.
- Implemented SMTP email services and internal tools, enhancing communication and operational efficiency.

Full Stack Developer, Freelance, Lebanon

May 2023 - Present

- Built and delivered web and desktop applications using Laravel, .NET, WPF, Vue, and Angular.
- Implemented efficient database structures and REST APIs, optimizing data retrieval and reducing frontend load times.

IT Specialist Intern, UNRWA, Lebanon

Jun 2024 - Aug 2024

- Maintained and repaired workstations and network devices, ensuring continuous operations and reducing interruptions.
- Resolved software and hardware issues for staff, improving productivity and user satisfaction.

Web Developer Intern, GIS-Lebanon, Lebanon

Mar 2023 - Apr 2023

- Developed ASP.NET Core web applications using Entity Framework, enabling streamlined data handling and reporting.
- Integrated stored procedures for complex queries, enhancing application performance and accuracy.

Projects

Clinic Management System - Web App (Laravel, Sanctum, Vue3, PrimeVue, Pinia, Axios, MySQL)

- Designed and delivered a fully functional system for clinics, handling patient management, scheduling, and appointments.
- Engineered a dynamic slot-generation algorithm ensuring non-overlapping appointment intervals for multiple services.

Warehouse Management System - Web App (Laravel, Blade, Tailwind, Breeze, MySQL)

- Built a full-featured warehouse management solution with multi-language support, product and order management, and secure image handling.
- Integrated responsive UI, AJAX-based interactions, and robust validation to ensure smooth operations.

VivacityCleaning.com - Web App (Next.js, Tailwind, Shadcn/ui, Framer Motion)

- Developed a live, responsive business profile web application with smooth animations.

Skills, Languages, & Others

- Programming Languages:** Java, C#, PHP, JavaScript, TypeScript, Python, HTML, CSS.
- Frameworks & Libraries:** Spring boot, Laravel, Vue.js, Angular, React, Next.js, Tailwind CSS, Bootstrap.
- Databases:** MySQL, PostgreSQL, Microsoft SQL Server, MongoDB, SQLite.
- Tools & Platforms:** Git, GitHub, Docker, Postman, Laravel Telescope, Vite, NPM, WordPress.
- Development Practices:** MVC architecture, REST API design, resource APIs, query optimization, automated/manual testing, responsive UI, code modularity, performance tuning.
- Languages:** Arabic (Native); English (Fluent)

Certificates

CyberOps Associate - Cisco

CCNA: Enterprise Networking, Security, and Automation - Cisco

CCNA: Switching, Routing, and Wireless Essentials - Cisco

IT Essentials - Cisco
