EDUCATION

Lebanese University (LU), Hadat
Bachelor Degree in Computer Science

Oct. 2021 – 2025

PROJECTS

Mayyel Sawbna

- Developed a hotel booking system using PHP, MySQL, and the MVC design pattern, ensuring structured and maintainable code.
- Utilized XAMPP for local server management, database handling, and testing.
- Implemented user authentication, security measures, and an optimized database for efficient reservations.
- Collaborated with a team to enhance UI/UX using Bootstrap, ensuring a responsive and seamless experience.

WORK EXPERIENCE

Frontend Developer, [Two Of Us](#)

Aug. 2024 – Sep. 2024

- Developed and implemented key features for an e-commerce website project, *Hooked Harmony*, focused on handcrafted items
- Collaborated with a team to build user interfaces, ensuring responsiveness and smooth user experience across devices.
- Acted as a team leader for a small group of 5 members during the internship, coordinating tasks and ensuring project milestones were met
