## 🎓 EDUCATION

**Lebanese American University**  
*Bachelor's degree in Computer Science*

2022 – 2025  
Lebanon, Beirut

**Lycee Franco-Libanais - Verdun**

2007 – 2022  
Lebanon, Beirut

## 👤 PROFILE

Recent Computer Science graduate with strong passion for technology and innovation. Possess solid skills in mobile and web development, along with data analysis. A natural problem-solver who is eager to learn, improve, and deliver excellent results. Combines technical expertise with creativity to contribute effectively to diverse projects.

## 👜 PROFESSIONAL EXPERIENCE

**Scopsis** 08/2025 – Present  
*Data Analyst Intern*

- Using Power BI and Excel to analyze data, build dashboards, and deliver actionable insights that improved efficiency and decision-making

**Areeba** 06/2024 – 07/2024  
*Data Analyst Intern*

- Experienced in connecting diverse data sources and designing efficient ETL processes to streamline data flow. Skilled in creating visual data integration workflows, resolving processing errors, and ensuring 99%+ data accuracy through rigorous testing and validation. Proficient in advanced SQL querying and optimization, with expertise in building virtual data models for real-time, on-demand insights

**Mambo Couture** 12/2022 – 02/2023  
*Sales Representative*

- Assisted clients in selecting couture pieces by providing personalized styling advice and excellent customer service. Consistently supported sales growth through upselling, maintaining client relationships, and ensuring smooth store operations.

**Pharmacy** 06/2022 – 08/2022  
*Sales & Accounting Officer*

- Managed front-line sales by assisting customers, promoting products, and ensuring a positive shopping experience. Handled accounting tasks including daily cash reconciliation, invoice processing, and maintaining accurate financial records.

## 📁 PROJECTS

**Final Year Project: 'MOODA', Web-Based Fashion Assistant Platform** 01/2025 – 05/2025

- Designed and developed a responsive platform to help users with outfit selection through virtual try-ons, personalized recommendations, and sustainable fashion tips. UI/UX was prototyped using Figma. Achieved a top 4 ranking out of 26 in the LAU tradeshow and received an A grade for outstanding execution.

**Robust Database System for TV Station Data Management,** 09/2023

- Designed and implemented a multi-phase database project, including conceptual modeling with ER diagrams, relationship mapping, and normalization up to BCNF. Translated conceptual models into SQL using Oracle to optimize data organization and integrity.

**Business Website** 04/2024 – 05/2024

- Built and deployed a dynamic website for my father's business as a web programming project, utilizing HTML, CSS for design, and PHP for server-side functionality

**Full-Featured Fitness Mobile Application** 11/2024 – 12/2024

- Created a complete fitness app as part of a mobile development project, incorporating features like BMI calculation, daily calorie tracking, and workout suggestions. Utilized Android Studio, Java, XML layouts, and Shared Preferences for data storage.

## CERTIFICATES

**Harnessing the Power of Data with Power BI,**  
*Microsoft*

06/2025 – 07/2025

**SQL for Data Science**  
*University of California, Davis*

08/2025

**Extract, Transform and Load Data in Power BI**  
*Microsoft*

08/2025

**Power BI for Beginners: Build your First Report**  
*Coursera*

08/2025

## SKILLS

Python, Java, JavaScript, PHP, C#, SQL

HTML5, CSS3, React.js, Node.js, Express.js, MERN Stack, RESTful APIs, .NET MAUI, Android (Java)

MongoDB, MySQL, PostgreSQL, Power BI, Talend, Data Virtuality Studio, Tableau

Git, GitHub, GitLab, Postman, CI/CD,

Visual Studio, Android Studio

Figma, Canva

Unit Testing (JUnit, Jest), Manual Testing, API Testing

Google Cloud Platform (GCP), API Integration (Calamari, Remove.bg, Google Calendar), JSON, XML, ETL Processes

Problem Solving, Team Collaboration, Analytical Thinking, Adaptability, Communication
