Cybersecurity Enthusiast with a background in computer science, hands-on experience in IT support and web development, and ongoing training in key areas such as ethical hacking and cryptography. Passionate about securing systems and learning the latest in cyber defense techniques. Actively seeking an entry-level role in cybersecurity to apply my knowledge, grow my skills, and contribute to a security-focused team.

EXPERIENCE

JANUARY 2020 – NOVEMBER 2022

Computer center assistant - student employment, Lebanese American University
