

## Ali AlRida Salman

**Nationality:** Lebanese **Date of birth:** 09/02/2002 **Gender:** Male **Phone:** (+961) 03759490

**Email:** [aliredasalman6@gmail.com](mailto:aliredasalman6@gmail.com)

**Home:** Al chahabiya , Tyre , Lebanon, Tyre (Lebanon)

### ABOUT MYSELF

A graduate holding a Bachelor degree in Information Technology, with a focus on Network Management and Software Development. I am well familiar with the full development lifecycle from idea to delivery. Despite having limited work experience in IT, I have worked on many university projects which enabled me to further develop my knowledge and demonstrate my practical skills in the following areas of IT:

1. Academic experience in android development with java.
2. Academic experience in web application.
3. Academic experience in system and network administration.
4. Academic experience in designing WAN & LAN topologies .
5. Academic experience in software engineering and project prototyping
6. Academic experience in Project management..

I am a fast learner, with a positive attitude for change, and great willingness to push myself out of my comfort zone. I possess a well developed interpersonal and communication skills and I work well as part of a team. I am confident about my own abilities and I am able to positively influence others

### WORK EXPERIENCE

**Ahmad Souweidan** – Tyre, Lebanon

It was an Internship for 75 days (10 hours per week) in an Internet Service Provider company owned by Mr. Ahmad Souweidan in " Der Kanoun Ras Al Ain " city In Tyre.

Summary of the task assigned:

1. Subnetting.
2. DHCP configuration.
3. ACL configuration.
4. Router Configuration.
5. Bridge Configuration.

With Certification Of completion

**Michel Khoury** – Beirut, Lebanon

City: Beirut | Country: Lebanon | Website: <https://nexus-lb.com/>

#### Junior Software Developer

[ 04/09/2023 – Current ]

In my current role as a Junior Software Developer at Nexus Consultancy, I contribute to the design, development, and implementation of software solutions that meet client requirements. My responsibilities include writing clean, efficient code in various programming languages, participating in software design meetings, debugging and troubleshooting software issues, and collaborating with a team of developers and analysts to deliver high-quality software products.

Additionally, I actively engage in the continuous improvement of existing applications and the integration of new technologies to enhance functionality and user experience.

## EDUCATION AND TRAINING

### Information Technology (IT)

**Lebanese international university LIU, Tyre** [ 20/02/2020 – 10/08/2023 ]

**Address:** Tyre, Lebanon, Tyre (Lebanon) | **Website:** <https://liu.edu.lb/NewLIU2022/> | **Field(s) of study:** Information and Communication Technologies (ICTs): • Information and Communication Technologies (ICTs) not further defined | **Final grade:** 3.14/4

Current Average 80/100 with appreciation "very good " ranking second place in class .

#### Subjects studied to date include:

1. Operations management.
2. Business Statistics.
3. Business Management.
4. Management and information systems.
5. Java .
6. Object Oriented Programming in Java. Basic C language.
7. Web development.
8. Web development Advanced with bootstrap and Angular.
9. Networking CCNA 1 , CCNA 2, CCNA 3 , CCNA 4.
10. Operating Systems.
11. Mobile Application (android development).
12. Natural language processing (with python).
13. Basic python.
14. java script.
15. C #.
16. Visual programming.
17. Network security.
18. Software engineering.
19. Micro support computer(hardware + software maintenance).

### Cyber Security Career Path

**Semicolon Academy** [ 21/04/2025 – Current ]

**City:** Beirut | **Country:** Lebanon | **Website:** <https://academy.semsec.org/career-path> | **Field(s) of study:** Information and Communication Technologies (ICTs)

## LANGUAGE SKILLS

**Mother tongue(s):** Arabic

#### Other language(s):

##### English

**LISTENING** B2 **READING** C1 **WRITING** B2

**SPOKEN PRODUCTION** B2 **SPOKEN INTERACTION** B2

##### French

**LISTENING** B2 **READING** B2 **WRITING** B2

**SPOKEN PRODUCTION** B2 **SPOKEN INTERACTION** B2

##### Italian

**LISTENING** A1 **READING** A1 **WRITING** A1

**SPOKEN PRODUCTION** A1 **SPOKEN INTERACTION** A1

*Levels: A1 and A2: Basic user - B1 and B2: Independent user - C1 and C2: Proficient user*

## SKILLS

Networking(Cisco CCNA) / Microsoft Powerpoint / Microsoft Excel / Microsoft Word / JAVA PROGRAMMING / WEB Programming / Angular / Android Development with Java / XML / CSS / Bootstrap 4 & 5 / Working with Linux (ubuntu) / ACTIVE DIRECTORY / VmWare / CCNA (1-3) / Database / SQL / Software Engineering / Network administration / Network security / Network maintenance / Operations Management / C# visual programming / CCNA 4 - WAN technologies / Hardware Maintenance / Web Designing Development / Task Management / Tracing experience with tracers and viruses / Management Information Systems / Business Management & Business Administration / Business Statistics / HTML / Microsoft Office / Web Development / Object-Oriented Programming / Network security / Hardware Maintenance / Java

## DRIVING LICENCE

---

Driving Licence: B

02/08/2021 – 02/08/2031

## PROJECTS

---

[ 04/10/2022 – 04/01/2023 ]

### Academic Projects:

#### Cholera App :

1. Design and build advanced application for the Android platform using Java.
2. It is an Android mobile application plus an admin panel for following up Cholera virus disease patient status , this application is used to serve Cholera virus patient and to follow up their status .
3. The main objective of the patient is to design a user-friendly and well-functioning prototype application named " Cholera App" using Android studio.
4. The app will help the center to limit the spread of Cholera virus.
5. Programming languages used: Java, PHP, SQL, XML.
6. Other languages used: HTML, CSS , JSON . Plus UML, and ERD diagrams for designing the project.
7. Project duration: 4 months. Android components: Android SDK, Activities, Intents, Recycler and Card View, Google material design, Text Views, Image Views, Animations, Buttons, Edit Text , Checkbox's, Spinners, Alert Dialogs, Toasts, Radio Buttons, and other android components.
8. Graded 90/100 by the professor of the course .

#### My Senior Project ; AliCebblue online web store :

1. Designed using VSCODE through the advanced web programming languages (Angular , Bootstrap , Html , CSS , PHP , MYSQL, JSON ).
2. AliCebblue is an online store which sells a wide range of products similar to eBay and AliExpress
3. The webpage has an online database .
4. My project displays the items in cards , and has a navigation bar which takes the users to different web parts plus a login form and contact us form and shopping cart plus an dashboard to see the most items bought and a system for delivery tracking .
5. the projects has two panels , one for the costumer and a control panel for owner allows for him to sell new items or edit or delete existing items .
6. Project duration : 4 months .
7. Grade : 93/10

[ 15/03/2023 – 10/07/2023 ]

#### " Zombie fighter " java project:

This Java project is a simple text-based game or simulation that involves zombie fighting. It allows the user to select a type of zombie to fight against and then provides information about the appropriate type of missile or weapon to use against that zombie. Additionally, the program calculates and prints the product of two numbers using a multiplication function.

Here's a breakdown of the main components of the program:

1. Welcome Message.
2. Arrays.
3. User Input.
5. Multiplication Function.
6. Function Invocation.

## HOBBIES AND INTERESTS

---

Swimming

Karate

## VOLUNTEERING

---

[ 10/03/2022 – Current ]

Social Tech Club Organizer - Lebanese International University

The Social Tech Club is a knowledge sharing, collaboration, and mentoring platform for students who are willing to share their technical knowledge and skills in IT and computer science. The club members meet regularly and organize workshops to discuss and share knowledge. Among the initiatives launched by the club was an inhouse developed database available for all students with a variety of information and exam sample questions. As a club organizer I played a leading role in the development of the database.

## CERTIFICATES

---

[ 21/02/2022 – 13/06/2022 ]

**CCNA® Routing and Switching: Cisco Networking Academy**

[ 14/06/2022 – 27/08/2022 ]

**CCNA 2 Routing and Switching : Cisco Networking Academy**

[ 01/09/2022 – 03/03/2023 ]

**CCNA 3 Routing and Transforming Extensible Networks : Cisco Networking Academy**

[ 20/02/2023 – 06/06/2023 ]

**CCNA 4 Connecting networks : Cisco Networking Academy**

[ 20/02/2023 – 08/06/2023 ]

**Network security : Cisco Networking Academy**

[ 20/02/2023 – 04/06/2023 ]

**CyberOps Associate : Cisco Networking Academy**

[ 20/02/2023 – 10/06/2023 ]
