## PROFILE

Software Engineer specializing in enterprise software for the Consumer Packaged Goods (CPG) industry. Skilled in Oracle APEX, SQL, PL/SQL, JavaScript, DevOps, and Figma, with expertise in backend management, performance optimization, and legacy system modernization. Experienced in scalable frontend development, UI/UX enhancement, and presales demonstrations for customers and partners.

## PROFESSIONAL EXPERIENCE

### Nordstar Solutions LLC

#### Software Engineer

01/2025 – 04/2025

- **Module Development:** Developed 20+ key system modules and sub-modules for areas including pre-sales, X-Van, mobility, reporting & analytics, user security, inventory operations, payment management, order and invoice management.
- **Data Analytics & Reporting:** Created 18 SQL-based dashboards and KPIs to drive insights into sales growth, credit risk, order channel performance, and key business metrics.
- **Backend Optimization:** Designed, optimized, and refactored backend procedures and complex PL/SQL packages, improving system efficiency and maintainability.
- **Presales & Customer Demos:** Led 18 presales demonstrations for customers, partners, and sales teams.
- **Intern Training & Onboarding:** Managed onboarding for four new interns and employees, facilitating smooth team integration.
- **Content Creation:** Produced 12 structured demo videos and created animated marketing content.
- **DevOps Implementation:** Implemented DevOps practices using Git, Azure DevOps and Visual Studio to streamline development workflows.

#### Junior Programmer Analyst

08/2023 – 12/2024

- **Reusable Frontend Components:** Developed reusable frontend components to ensure design consistency across the application.
- **DevOps & Task Tracking:** Utilized Azure DevOps for project management, task tracking, and sprint planning.
- **Business Analysis & Documentation:** Participated in management meetings, documented over 20 Minutes Of Meeting (MoM), and transformed discussions into detailed user stories and tasks.
- **Code Review & Best Practices:** Conducted regular code reviews to enforce coding standards and best practices.
- **Process Documentation:** Developed user flow diagrams to visually document and streamline process workflows.

## INTERNSHIP

### Astrolabe IT

05/2023 – 08/2023

#### Software Developer Intern

Final-year project – Grade: 4.35/5

- **Reverse Engineering:** Migrated Oracle Forms to Oracle APEX under expert guidance to modernize legacy systems.
- **Module Development:** Developed two key system modules that significantly improved workflow efficiency.
- **Agile Development:** Actively participated in 15+ sprint planning sessions, daily stand-ups, and management meetings ensuring efficient project tracking and timely execution.

EDUCATION

**Bachelor of Science in Computer Science**  
*Lebanese University – Faculty of Science*

2020 – 2023

COURSES & CERTIFICATIONS

<b>Meta Front-End Developer Professional Certificate</b> <i>Coursera / Meta</i>	04/2025 – present
<b>Principles of UX/UI Design</b>  <i>Coursera / Meta</i>	05/2025
<b>Prompt Engineering for ChatGPT</b>  <i>Vanderbilt University - Coursera</i>	04/2025
<b>Oracle APEX Cloud Developer Certified Professional</b> <i>Oracle</i>	08/2023

TECHNICAL SKILLS

<b>Programming Languages &amp; Frameworks</b> Oracle APEX, SQL, PL/SQL, JavaScript, jQuery, C++, Java, Kotlin	<b>Web &amp; Mobile Development</b> HTML5, CSS3, Bootstrap, React.js, Android Development, XML, Visual Studio Code
<b>DevOps &amp; Version Control</b> Azure DevOps, Git, GitHub	<b>Methodologies &amp; Development Practices</b> Agile Methodologies, Frontend & Backend Development, Database Design & Management
<b>Design, UI/UX &amp; Visualization</b> UI/UX Design, Figma, Data Visualization, CMS (Content Management Systems)	<b>Networking &amp; Security</b> Computer Networking & Security
<b>Prompt Engineering</b> Prompt Engineering, Prompt Patterns, LLM (Large Language Models), Chain of Thought Prompting, ChatGPT	

SOFT SKILLS

<b>Problem-Solving &amp; Analytical Thinking</b> Skilled at identifying challenges and developing practical solutions.	<b>Adaptability &amp; Learning Agility</b> Quickly adapts to new technologies and shifting project requirements.
<b>Multitasking</b> Skilled in balancing various tasks and responsibilities, ensuring timely completion.	<b>Attention to Detail &amp; Time Management</b> Committed to accuracy and consistently meeting deadlines.
<b>Collaboration &amp; Communication</b> Work effectively in teams and communicate ideas clearly across all levels of an organization.	<b>Customer Engagement</b> Proficient in analyzing client needs and delivering customized solutions.
