SUMMARY

Motivated software developer with a foundation in **Computer Science** and hands-on experience from a **Full Stack Bootcamp**. Skilled in Python, C++, SQL, React, and Java, with a strong interest in building scalable applications and solving real-world problems. After two years in a professional non-tech role, I bring proven communication, teamwork, and adaptability skills, now fully focused on advancing in the tech industry.

TECHNICAL SKILLS

Languages: Python, C++, Java, SQL, JavaScript

Frontend: React, HTML5, CSS3

Backend: PHP (basic), Node.js, REST APIs, Laravel

Databases: MySQL, SQLite

Tools & Others: Git/GitHub, Linux, Agile/Scrum

PROJECTS

Smart Cinema Booking System

2025

Full Stack Application

PHP, MySQL, React, JavaScript

Developed an online movie booking platform with authentication, dynamic listings, seat booking, and snack pre-orders.

Built an admin dashboard for managing movies, showtimes, and pricing rules.

E-Commerce Platform (Demo)

2025

Web Application

React, Node.js, Redis, MySQL

Designed a product catalog with search, filters, and checkout system.

Implemented Redis queues for background jobs including stock updates and order emails.

Capsule Project

2023

Web Application

Laravel, MySQL, JavaScript

Created a digital time capsule platform where users can write personal messages to their future selves.

Implemented a "surprise mode" feature that hides messages until the chosen future date for an emotional reveal.

Integrated user authentication, secure message storage, and notification reminders.

EXPERIENCE

Controller

June 2022 – Aug 2024

Douala, Cameroon

Managed financial and administrative records, ensuring accuracy and compliance.

Prepared detailed reports and implemented workflows to reduce errors by 15%.

Strengthened communication and teamwork skills, transferable to software projects.

EDUCATION

Lebanese International University

Computer Science (2 years completed)

Nabatieh, Lebanon

Aug 2020 – June 2022

CERTIFICATIONS

Full Stack Web Development Bootcamp – [Udemy full stack by angela lu]
